  www.biofuelcircle.com

Farmer Producing Organizations (FPOs) now have the opportunity to collect farm waste from farmers in nearby villages and help them sell it in bulk through the BiofuelCircle platform. FPOs can also help set up small businesses in rural settings to facilitate farm waste collection, transportation, and processing to sell the end product to Industrial users.

How can Farmers benefit from BiofuelCircle:

Earn extra income by providing storage space on rent

Start a transport business by renting a tractor/lorry/truck

Fair prices for the farmers of the farmers

Download the app and Join BiofuelCircle now.
