

# WHEN FARMERS PROSPER THE ENTIRE NATION PROSPERS

BiofuelCircle has created an online marketplace that helps farmers generate a source of extra income in every harvest season.

Personalise your experience with the community by registering

## Benefits of BiofuelCircle Platform

### Easy Farm Waste Disposal

By selling your farm waste on BiofuelCircle, also known as biomass, to the right buyers, you'll be able to clear your fields in time for further sowing.

### Generate Additional Income

You can easily connect with buyers with tons of biomass requirements and sell your farm waste at great prices.

### Transportation Business Opportunity

You can rent your tractor/lorry/pick-up truck for the collection and transportation of biomass and start a transportation business.

### Rent Space for Storage of Biomass

If you own a piece of land that is unfit for farming or extra space available, you can rent it for biomass storage to generate income.

### Become a Village Level Entrepreneur

Set up a Briquette/Pellet manufacturing unit and become a biomass processor.

### Financial Assistance for Starting a Business\*

Get easy, reliable, and assured financing for setting up your biomass business and later working capital. This is subject to clearance from financing partners.

\*

\*T&C Apply. The loan amount is subject to the financing partner's decision.
