Exclusive for existing BiofuelCircle suppliers | 12-month partnership | Eligibility criteria apply

“Selling used to be the toughest part. BiofuelCircle changed everything - we get orders regularly, so revenue stays steady. With the GCV testing kit, we now test every batch ourselves and order rejections are almost zero. My machine output also increased from 1800 kg/hr to 2100 kg/hr”

~ Pallav Harishbhai Chandrani, Pioneer Agro
